

Oussama Bouchebak

[Portfolio](#) – [Linkedin](#) – [Github](#) – oussama@tealcode.me

I am a **Fullstack** developer with **over 4 years** of experience in building scalable and user-friendly web applications. I have expertise in **HTML, CSS, Scss, JavaScript, TypeScript, React, Node.js, Next.js, Express.js, PHP, Laravel, Flutter, MongoDB** and **SQL**, along with tools and platforms like **Git, Docker, Linux, Figma** and the **Adobe suite**. I enjoy working on the **front-end, back-end** and **mobile**, as well as learning new technologies. I am passionate about creating web and mobile solutions that solve real-world problems and deliver value to users. I have successfully completed several projects for clients in various domains, such as **e-commerce, education**, and **management**. I am looking for a challenging and rewarding position as a Fullstack developer where I can apply my skills and knowledge to create impactful software.

Experience

TREX IT – Web and mobile developer

Algeria – 08/2019 to 10/2022

- Created mock-ups then coded them into web and mobile apps.
- Managed the company's Linux web server and hosted the projects.
- Delivered dashboard platforms with React for web and Flutter for mobile.
- Delivered e-commerce web and mobile solutions boosting sales for clients.
- Consumed third and first party APIs into React components.
- Created a transportation & booking platform with React and Ridebits API.
- Mentored 2 interns to learn the basics of visual design and web development.

Links to some things I worked on here:

[Amaplay Mobile](#) – [Mehdi Electronic Mobile](#) – [LAXPro](#)
